

Carbon taxes will make travel unaffordable.) All would be under the guise of public safety and saving the planet through lies about climate change. They plan to own everything and leave us with nothing.

We can stop these weak-minded lunatics

It's time to wake up and get the truth from those motivated by their love for humanity. These are people who have spent years, and some decades, researching and investigating while sacrificing comfortable lifestyles. Freedom advocates who speak online to large audiences are risking their lives to bring you the truth. Visit our website homepage and click on the links to Internet programs hosted by freedom advocates.

The Alarming Truth Behind Inflation, AI and Your Government

Safeguard you and your loved ones!

Those who rule the world want to:

**Depopulate the world
Destroy your nation's economy
Eliminate your freedom**

You know something is terribly wrong. It's time to stop sleepwalking!

Wake Up Now
Before it's too late

The destructive response to COVID-19 by political leaders, the media, and big pharma was not a mistake. Powerful elites planned long ago and launched COVID-19 and will soon force us to take dangerous mRNA “vaccines” They want to ruin the economy and reduce the population via vaccines, terrorist and cyber attacks, riots and wars.

Why do people keep watching and listening to lying:

- Mainstream media news reporters who only care about their popularity and bank accounts and are paid huge salaries to lie
- Power-hungry politicians who couldn't care less about you, and
- Wealthy bankers and corporate billionaires who want to rob your wealth and keep everything to themselves?

Stop listening and complying with them!

Your adversaries are not those who oppose your political beliefs. Rather, our enemies consist of rich corrupt bankers, multinational corporate leaders, and federal and state governments (*most elected representatives and appointed officials*). These people own the mainstream media (*including popular social media*) and use it to scare us, lie, and spread propaganda. They keep us arguing with each other over party politics so we don't realize who the real enemy is.

They call themselves the **Super Elite** and refer to us as **useless eaters** because they think we are wasting the earth's resources and need to be controlled. We refer to them as the **Satanic Cult** because they all belong to this horrific religion (Satanism). ***This cult keeps their religion and intentions concealed by requiring members to take oaths to never reveal the Cult's secrets. When members violate their oaths, the penalty is often death, which the cult leaders can enforce.***

Many Satanists are psychopathic child traffickers and

pedophiles. They kidnap children and perform sick rituals in which they rape and sometimes murder children. Thousands of kids go missing every year and, unfortunately, end up in their hands. **We must expose and stop the madness of these weak-minded psychopaths. Please help us!**

How did these Satanists become so powerful?

The Satanists gained power via a banking system that became more corrupt, when in 1864, President Lincoln was forced to sign two banking bills to speed the end of the Civil War. These measures enabled bankers to gain great wealth. Then, in 1913, Congress passed the **Federal Reserve Act**, which accelerated their wealth to the point where they now control almost everything.

We were never taught in school how our banking system works. For example, most people cannot answer these questions: *Who creates our money, and how is it created? What is a debt-based banking system? What is fractional reserve banking? How are recessions, depressions, and inflation scientifically created? Why do we have a national debt, and what is the solution?* For the answers, go to the wakefully.org homepage and watch “*Jekyll Island: The Truth Behind the Federal Reserve.*”

The Satanic Cult's plan

The Satanic Cult created the COVID “vaccines” to: 1) eventually cause diseases that result in early deaths, and (2) hook up our brains to the cloud through **Neuralink** so the Cult can read and control our thoughts and surveil us 24/7. They will soon mandate a test they deceptively claim will detect cancer before tumors even exist. Those who test positive could be coerced into taking dangerous mRNA shots under the possible penalty of losing their health insurance if they refuse the jabs. Discuss taking the tests and shots with your doctor before making your decision.

The Satanists want to create a major war, cause civil unrest, and unleash terrorist attacks within Western nations' borders.

The Satanists want to create unprecedented inflation and food shortages caused by tariffs, carbon taxes, and cyberattacks (or EMPs). They aim for us to surrender our freedom and beg our political leaders to protect us in exchange for our acquiescence and their control. Our future will include mandates and lies about viruses and climate change to destroy our economy and estab-

lish a worldwide police state. The Cult wants extensive depopulation and complete control over the survivors.

The Satanic Cult plans to implement an artificial intelligence (AI) surveillance system that will dictate everything we do every second of the day. A social credit system based on central bank or government digital currencies (*stablecoins*) will replace our crashed monetary system and destroy freedom. They want to force us into compliance with Draconian laws that continuously worsen through 24/7 surveillance and social credit scoring that will demand obedience to your government. **No political leaders will stop them despite any promises but we can via noncompliance.**

The Satanists are increasing infertility and shortening our lives. They are poisoning us with electromagnetic radiation (5G and soon 6G), GMO foods, toxins in our water, and spraying our skies with dangerous chemicals that cause unusual weather changes, fires, and floods. The Satanic Cult also wants to unleash cyber or electromagnetic pulse (EMP) attacks to destroy our power grids, thus causing us to beg our governments for help. Governments, however, will use these as opportunities to implement further restrictions

The spraying of the skies is partially for weather control. They manipulate the weather to make us believe we are nearing a climate change catastrophe, which is not true. Their planned scare tactics have led to increased taxes and surveillance and robbing us of our God-given rights.

The Global Satanic Cult is on course to destroy Western civilization. They want to drive us into a world economic and political order called the **Great Reset** under the **United Nations and World Economic Forum** (WEF). All of this would hoodwink us into their sustainable development agenda without bothering to clean up the environment, including from dangers of electromagnetic radiation.

The Satanists want to destroy free-market capitalism, eliminate travel, and abolish private ownership of everything through strict government control.
