

The Satanic Cult plan to destroy Western civilization. They want to coerce us into a world economic and political order called *The Great Reset* under the United Nations and World Economic Forum (WEF). All of this would hoodwink us into their sustainable development agenda without bothering to clean up the environment, which includes the dangers of electromagnetic radiation. But we can stop them!

The Satanists want to destroy free-market capitalism, eliminate travel, and abolish private ownership of everything through strict government dictatorial control. (*Carbon taxes will make travel unaffordable.*) All will be under the guise of public health safety and saving the planet through lies about climate change. They plan to own everything and leave us with nothing!

We can stop these weak-minded lunatics!

It's time to wake up and get the truth from those motivated by their love for humanity. These are people who have spent years, and some even decades, researching and investigating while sacrificing comfortable lifestyles. Freedom advocates who speak online to large audiences are risking their lives to bring you the truth. (Visit <https://wakeupfully.org>)

Millions of people are already awake. Will you join us to help stop them?

No political leader will stop them despite their promises. But together we can!

*Just turn off your TV and social media an help provide the last effort needed to blow the Satanic Cult's agenda apart. We can create a renaissance that flourishes in freedom, peace, prosperity, a clean environment, and healthcare advancements that cure rather than just treat illness. All we need to do is learn the actual truth, work together, **STOP COMPLYING** with them, and peacefully demand our freedom back.*

Mainstream media newscasters are paid hundreds of thousands of dollars or more to lie and hide these truths. They try to discredit us by calling us "conspiracy theorists." It was a Cult intelligence agency, however, that first popularized the term to gaslight truth seekers so the public would continue to believe their' lies and ignore those revealing truths.

Our website substantiates all content presented here...

Including how the Global Satanic Cult is behind corruption in government, banking, big pharma, the mainstream and popular social media, education, healthcare, the economy, wars, and poverty.

The Alarming Truth Behind Inflation, AI and Your Government

Safeguard you and your loved ones!

Those who rule the world want to:

**Depopulate the world
Destroy your nation's economy
Eliminate your freedom**

You know something is terribly wrong. It's time to stop sleepwalking and
Wake Up Now
Before it's too late

The destructive response to COVID-19 by political leaders, the media, and big pharma was not a mistake. Powerful elites planned long ago and launched COVID-19 and may soon force us to take more dangerous mRNA “vaccines.” They want to ruin the economy and reduce the population through terrorist and cyber attacks, vaccines, riots, and wars.

Why do people keep watching and listening to lying:

- Mainstream media news reporters who only care about their popularity and bank accounts and are paid huge salaries to convincingly lie
- Power-hungry politicians who couldn't care less about you, and
- Wealthy bankers and corporate billionaires who want to rob your wealth and keep everything for themselves?

Stop listening and complying with them!

Your adversaries are NOT those who oppose your political beliefs. Rather, our enemies are corrupt bankers, multinational corporate leaders, and federal and state governments (most elected representatives and appointed officials). These people own the mainstream media (including popular social media) and use it to scare us, lie, and

spread propaganda. They keep us arguing with each other over party politics so we don't realize who the real enemy is.

They call themselves the *Super Elite* and refer to us as *useless eaters* because they think we are wasting the earth's resources and need to be controlled. We refer to them as the *Satanic Cult* because they all belong to this horrific religion (Satanism). This cult keeps their religion and intentions concealed by requiring members to take oaths to never reveal their secrets. When members violate their oaths, the penalty is often death, which the cult leaders have the authority to enforce.

Many Satanists are psychopathic child traffickers and pedophiles. They kidnap children and perform sick rituals in which they rape and sometimes murder children. Thousands of kids go missing every year and, unfortunately, end up in their hands. **We must expose and stop the madness of these weak-minded psychopaths. Please help us!**

How did these people become so powerful?

The Global Satanic Cult gained great wealth and power in 1864 through a corrupt banking system when President Lincoln had no choice but to sign two banking bills to speed the end of the Civil War. Then, in 1913, Congress passed the Federal Reserve Act, which accelerated their wealth to the point where they now control almost everything.

We were never taught in school how our banking system works. For example, most people cannot answer these questions: Who creates our money, and how is it created? What is a debt-based banking system? How are recessions, depressions,

and inflation scientifically created? Why do we have a national debt, and what is the solution? Why is who creates our money more important than what backs it? For answers, go to the wakeupfully.org homepage and watch “The Truth Behind the Federal Reserve.”

The Satanists’ plan

The Satanic Cult created the COVID “vaccines” for two reasons: 1) to eventually cause diseases that result in early deaths, and (2) to hook up our brains to the cloud through Neuralink so the Cult can read and control our thoughts and surveil us 24/7. They may soon mandate a test they deceptively claim will detect cancer before tumors even exist. Those who test positive could be coerced to take dangerous mRNA shots under the penalty of having their health insurance cancelled if they refuse the jabs. Discuss taking the tests and shots with your doctor before making your decision.

The Satanists want to create a major war, cause civil unrest, and unleash terrorist attacks within Western nations’ borders.

The Satanists want to create unprecedented inflation and food shortages caused by tariffs and carbon taxes, and cyberattacks (or EMPs). They aim for us to surrender our freedom and beg our political leaders to protect us in exchange for our acquiescence and their control. Our future will include harsh mandates and lies about viruses and climate change to destroy our economy and establish a worldwide police state. The Cult is striving for extensive depopulation and complete control over those who survive. But we can stop them!

The Satanic Cult wants to implement an artificially intelligent (AI) surveillance system that would dictate everything we do every second of every day. A social crediting system based on central bank or government digital currencies (*stablecoins*) would replace our crashed monetary system and destroy our freedom. They want to force us into compliance with Draconian laws that continuously worsen through 24/7 surveillance and social credit scoring that will demand obedience to your government. ***No political leaders, despite any promises, will stop them but we can!***

The Satanists are increasing infertility and shortening our lives. They are poisoning us with electromagnetic radiation (5G and soon 6G), GMO foods, toxins in our water, and spraying our skies with dangerous chemicals that cause weather changes, fires, and floods. The Satanic Cult also wants to unleash cyber or EMP attacks to destroy our power grids, thus causing us to beg our governments for help. Governments, however, will use these opportunities to implement further restrictions.

The spraying of our skies is partially for weather control. The Satanists manipulate the weather to make us believe we are nearing a climate change catastrophe, which is not true. Their planned scare tactics have led to increased taxes and surveillance and are robbing us of our God-given rights. But we can stop them!
